What are some Caliper Assessment sample questions? - Quora

Solution: The correct answer is d. The pattern is rotated through 90 degrees to the right. As the pattern rotates, the dot in the top left-hand corner is removed. That suggests that the missing number of dots is two, one black and one white, with a horizontal bar. The only pattern that matches this is d.

This is driving me crazy. I took the Caliper Assessment yesterday and there were a few problems I could not answer. (Note - most of the assessment involves personality questions, however my test included a few of these other questions.) On this example, there are three pyramids each with four numbers. All numbers are used in each pyramid and you have to determine what the missing number is.
