course is so practical that every student should take it whether or not they are college bound. It covers topics that practically everyone needs to deal with at some time or another, yet which most people struggle to figure out on their own.

**Consumer Math A
Beka, second edition
- Cathy Duffy**

Consumer math is SO

Online Library Consumer Math Second Edition A

important and SHOULD be getting taught in our schools. It's truly a shame that school systems are failing our kids and not teaching them essential math for their adult life.

Consumer math teaches them about budgeting their money. Savings. Financing. Retirement funds. Banking accounts and so much more!
