Joseph Addison, Pleasures of the Imagination In his and Richard Steele's The Spectator, Addison developed an essay style which greatly influenced the writings in eighteenth-century periodicals. In the short well-known passages in our readings on the pleasures of the imagination, Addison clearly notes some first suggestions towards a theory of aesthetics.

Sentience is the capacity to feel, perceive, or experience subjectively. Eighteenth-century philosophers used the concept to distinguish the ability to think from the ability to feel (sentience). In modern Western philosophy, sentience is the ability to experience sensations (known in philosophy of mind as "qualia"). In Eastern philosophy, sentience is a metaphysical quality of all things that ...
